# Construction Barricades

We Rent Nationwide.

## TRAFFIC CONTROL & CONSTRUCTION SOLUTIONS

Trinity Highway Rentals is the #1 manufacturer of water-filled barricades with the largest inventory in stock and ready to ship. We offer Construction Site, Airport, Work Zone, and Traffic Control solutions that are less susceptible to movement than chain-link fences, drums, and cones. Our water-filled barricades are made in the USA and can be assembled to meet various construction site needs, including perimeter fencing and pedestrian walkways. Flexible rental options are available to accommodate multi-phase projects.

## Pettibone Launches X-Command® Telematics for Telehandlers, Cary-Lift and Speed Swing

Pettibone has introduced X-Command®, a new telematics program available for the company's X-Series telehandlers, Cary-Lift pipe and pole handlers, and Speed Swing rail maintenance machines. The system offers real-time access to machine data, thereby saving time, money and hassle for equipment owners, fleet managers, rental centers and maintenance technicians.

X-Command allows users to remotely track a machine's location and observe data points such as engine hours, fuel rate and usage, diesel exhaust fluid level, battery voltage and more. By obtaining accurate and current performance information, users can quickly identify and address minor mechanical issues before they become serious.

# ROME

Manufacturing Heavy Duty Construction  
and Agricultural Equipment Since 1933

Available in 10, 12, 14, and 16 foot widths

ROME Plow has been the premier name in heavy duty disc plows for over 87 years

Available in 16, 18, 20, 24, and 30 foot widths

ROME has been manufacturing pivot dump and ejector scrapers for over 45 years for the construction and agricultural industries.

Available with 36 or 42" blades, and up to 20' wide

ROME also manufactures a full line of leveling scrapers (with and without gates) and haul road maintenance tools (with and without rollers)

Available in 18 and 22 yard versions

For more information on our products or for the closest authorized ROME dealer please contact us.

Available in 24, 28, 31, 34 and 37 Yards

770-748-4450 - [www.romeplow.com](http://www.romeplow.com)

Steel Tractor available to fit any articulating tractor

Equipment owners can access data and generate reports using the online X-Command dashboard on their computer or mobile device. The platform allows for quick and simple remote diagnosis of a telematics-equipped machine, potentially eliminating the need for certain field service calls. By ensuring maintenance is up to date, users can consistently increase equipment uptime and improve their overall return on investment.

X-Command comes standard for two years on new Pettibone X-Series Extendo and Traverse telehandlers, and it is also available as a retrofit for existing X-Series models in the field. The system is optional on new sales of Cary-Lift material handlers and on Speed Swing, the original do-it-all crane for the rail maintenance industry.

*Pettibone/Traverse Lift, LLC is part of the Industrial Technologies Group, an affiliate of The Heico Companies. Founded in 1881, Pettibone has been recognized as the industry leader in material handling equipment since the company revolutionized the industry with the first forward-reaching, rough-terrain machines in the 1940s. For more information, call 906-353-4800 or 800-467-3884, or visit [www.gopettibone.com](http://www.gopettibone.com)*

## **OIL ALERT<sup>®</sup>** **LIQUID LEAK DETECTOR**

**DETECT OIL LEAKS AND SPILLS...FAST!**

- AVOID OPERATIONS SHUT-DOWN
- REDUCE ENVIRONMENTAL RISKS
- MINIMIZE COSTLY CLEAN-UP
- MONITOR OFF-SITE EQUIPMENT

A small amount of oil (1/32 inch) seeping under Oil Alert activates its loud "on/off" alarm and/or relay contact output. The low profile dome shaped unit guards against undetected leakage in areas of oil lubricated / hydraulic equipment, stand-by generators, pressurized piping and fuel oil storage locations...

# *The New Standard for Linemen*

At Tallman Equipment, our priority is to set the standard in the electric transmission and distribution industry with an all-inclusive approach to serving our customers. Our vision to deliver a trio of quality, convenience, and reliability is driven by listening and adapting to the needs of our customers. As the industry changes, so does Tallman. As a result, Tallman Equipment has become a unique company within our industry offering a full range of professional services including tool sales, product distribution, rentals, and repair. Tallman is already a trusted name in stringing blocks, cable assemblies, fiberglass, and rope products – and we are excited to announce the addition of our new Rubber Goods Testing Lab.

## *Our Services Include:*

**Groundset & Jumperset Manufacturing, Repair & Refurbishing**

**Transformer Sling Manufacturing & Rope Repair**

**Battery Power Tool & Equipment Repair**

**Fiberglass Tool Testing, Repair & Refinishing**

**Tool & Equipment Rental**

**Rubber Goods Testing & Refurbishment**

Jeffrey Machine was founded in 1977 by Frank Sager as a machine, tool and die shop. Frank, a machinist and metal fabricator with many years of experience, passed the family trade on to his son, Jeffrey Sager, who took great interest in the auger market. Jeffrey began working with augers in 1983, first repairing them and later rebuilding them.

Jeffrey Machine, Inc. manufactures state-of-the-art auger tooling, along with a wide range of other drilling tools. In addition, we are a full-line general machine shop providing tool and die work, fabricated steel products, and many types of hard surface welding.

We carry a complete line of auger tooling, wear parts, and accessories with one of the largest inventories ready to ship. We can serve many of your custom and specialty needs as well.

Jeffrey Machine has been repairing, rebuilding, and manufacturing augers since 1983. Our augers range in size from 6 inches in diameter to 12+ feet in diameter. Drilling tools for utility, foundation, heavy and light construction equipment are also manufactured at our location in Birmingham, Alabama. We have a second location in Eules, Texas to serve you. Jeffrey Machine can build drilling tools to any size from customer prints, JMI prints, or from a simple telephone conversation. Call us today at 205-841-8600 and see what we can do for you.

# THE FUTURE IS BRIGHT.

WITH A NEW MANUFACTURING FACILITY, ADDITIONAL  
SERVICE CENTERS AND EXPANDED SERVICE AND PARTS TEAM

**We're more prepared than ever to deliver.**

For more than 75 years, Terex Utilities has been a pioneer of insulated and digging equipment for the electric utility industry. Along the way, we've established a pattern of innovation and continuous improvement in order to deliver solutions so linemen can be productive and keep the lights on for their customers. This is an exciting time in Terex Utilities' history – with strategic investments being made in our manufacturing capabilities, our service footprint, new products, team members and overall customer experience. The future is looking bright, and we're excited to continue delivering equipment and service solutions to the electric utility industry – now better than ever.

**Give us a call at 844-TEREX-4U for your equipment, service and parts needs.**

**WORKS FOR YOU.™**

## **Seatbelt Engagement & Operator Presence Option for JLG® Telehandlers Now Available**

*Offered on new 742, 943, 1043, 1055 & 1255 JLG models*

JLG Industries, Inc., an Oshkosh Corporation company and leading global manufacturer of mobile elevating work platforms (MEWPs) and telehandlers, now offers a Seatbelt Engagement and Operator Presence option for JLG® 742, 943, 1043, 1055 and 1255 telehandler models. This system, which includes seatbelt engagement assurance and operator presence functionality, as well as a high visibility orange seatbelt, uses visual and audible alarms, as well as limits machine functions, to enhance safety during telehandler operation.

Seatbelt engagement assurance functions by producing a visible and audible alarm that activates

# Making perfect connections has never been simpler. In fact, now it's a **SNAP!**

**NEW** *SNAP* Connectors from Greaves. A revolutionary compression connector concept that gets the job done with just a few turns of a standard wrench!

- ▶ Time-saving, easy installation
- ▶ Superior pull-out strength and conductivity
- ▶ No bulky and costly tools and dies

# GREAVES

whenever an operator is seated and unbuckled. For example, when the operator is seated with the vehicle ignition key on, alarms will be activated immediately and continuously. The alarms will cease when the operator leaves the seat or turns the vehicle ignition off.

The alarms are intended to alert and remind the operator and will not prevent engine start up or hydraulic and drive functions, similar to seat belt alarms in automobiles.

Operator presence functionality prohibits engine start and hydraulic functions if an operator is not present. Additionally, if the system detects a loss of seat pressure during operation, one of the following will occur:

- If the park brake is engaged and the transmission is in neutral, hydraulic controls are disabled. Upon returning to a seated position, the hydraulic controls are enabled.
- If the park brake is disengaged and the transmission is in neutral, hydraulic controls are disabled and the cabin alarm sounds continuously. Upon returning to a seated position, hydraulic controls

**SUPPLIES INCLUDE:** Abrasive & Cutting Tools > Environmental > Safety Products > Valves, Fasteners & Fittings > Lifting & Rigging > Pigging Products > Pipe Testing Equipment > and Much More

are enabled, and the cabin alarm will cease.

- If the park brake is disengaged and the transmission is in forward or reverse, hydraulic controls are disabled, the cabin alarm sounds continuously, and the transmission shifts to neutral. Upon returning to a seated position, hydraulic controls are enabled, and the cabin alarm will cease. The transmission will need to be returned to neutral to allow the system to reset prior to re-engaging forward or reverse travel.

# Revolutionary Lighting Solutions

**GOLIGHT**

**Durable...Versatile...Powerful...GUARANTEED**

When the power goes out we know we can rely on our nation's linemen to strap on their boots and march into the elements to get our electrical service back online. More often than not, that means battling wind, rain, snow and ice and doing so in the dark. In those conditions, light that can be dynamically directed where it is needed, when it is needed is an essential tool for safety and productivity. In both emergency situations and day to day operations Golight has proven to be a vital tool in extending work hours and increasing productivity. Golight has been a partner to the men and women who keep our lights on for almost 20 years and we are committed to seeing that relationship grow and develop.

KOOZIES... BANDANNAS... DECALS... Send an email to [media@golight.com](mailto:media@golight.com) and let us know you saw our ad in "THE UTILITY SOURCE" and we will send you some Lineman branded merchandise!

## Unitrex XS™ Max Wear. Unmatched performance in the field and in the boardroom.

Electric line stringing is easier and more economical with Unitrex™. Made with a core of Honeywell Spectra®, it is up to 10 times lighter than steel, while delivering comparable strength. The urethane-coated polyester jacket provides excellent abrasion resistance for great productivity that lasts.
